Search - Sort & Narrow Selection

Narrow search

To search, **sort and narrow down the selection** in view. To do this:

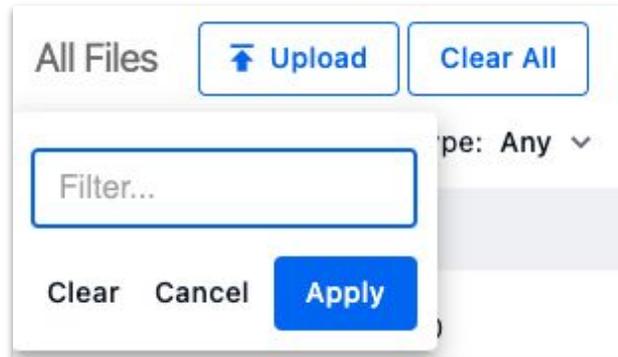

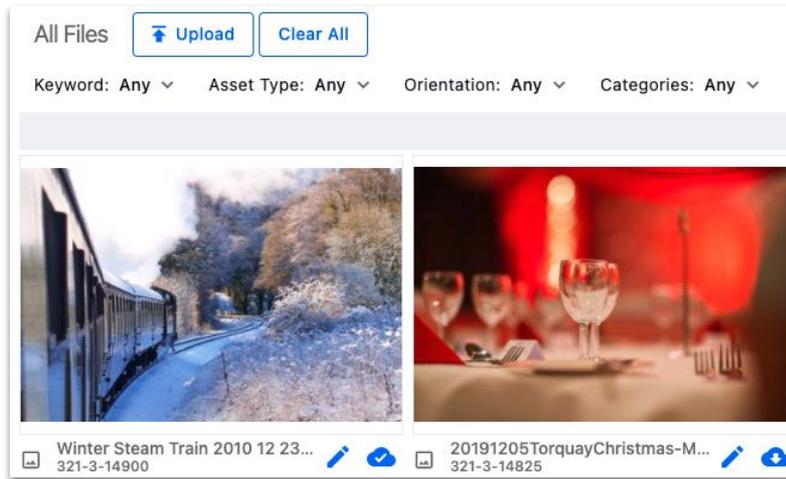

- (a) open the drop down menus to reveal a list of filter options, and/or
- (b) search for specific keywords in the keywords bar

Filter Options

Asset Type: Lets you search for images, videos, docs/logos or audio specifically.

Orientation: Lets you search for portrait or landscape images.

Categories: Lets you search for a specific theme/topic of assets.

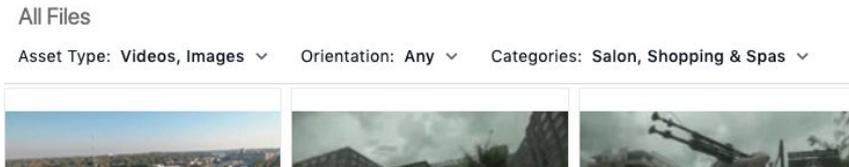

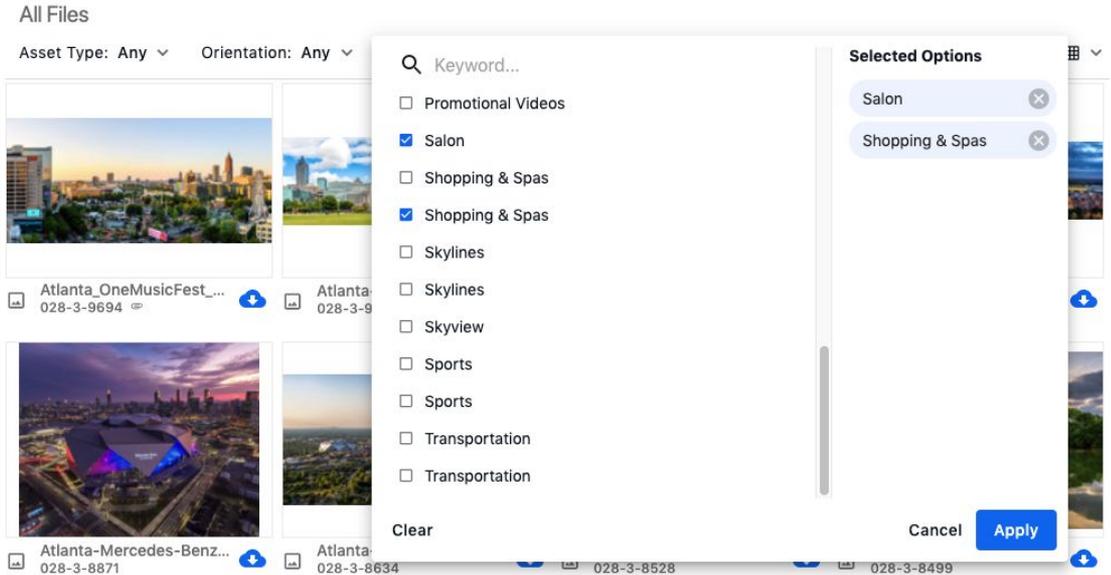

Filter Selection

Make selection

Check any applicable **checkboxes** and hit the 'Apply' button.

Filter option selections will **display above** the search results.

Click on the 'Clear All' button to remove all filter selections, or **remove selected options** individually from drop down menus.

Grid / List View

Scanning selection

The assets in the library can be viewed as a **grid or list**. You can scan up to 150 assets on a single page.

A **thumbnail, title, ID number, and download icon** is available for each asset.

The screenshot displays a digital asset management (DAM) interface. The top section shows a grid view of 10 asset thumbnails. Each thumbnail includes a small icon for download and a title with a DAM ID. Below the grid is a list view of the same assets, organized into columns for 'Columns', 'DAM id', 'Title', and 'Thumbnail'. The list view provides a more detailed view of each asset's metadata.

Grid View Assets:

Download Queue

Queue setup

Asset thumbnails will be accompanied by the same information as when you hover over it in the grid / list view.

Format and size **selection can be adjusted**. A 'Download' or 'Download All' button will download the file to your device. A 'Remove' or 'Remove All' button will clear out your queue.

The screenshot displays a download queue interface with three items. At the top right, there are buttons for 'Download All', 'Remove All', 'Save as a Collection', and 'Add to Existing Collection'. Each item row includes a thumbnail, title, file size, 'Use Information:' label, a format dropdown menu (all set to 'JPEG'), a checked 'Original' option, and three other options (L, M, S) with their respective dimensions. Each row also has 'Download' and 'Remove' buttons.
